## SUMMARY

B.Tech CSE (AI & ML) student with strong foundations in Python, SQL, and data analysis and basic machine learning. Passionate about working with data, building insights and continuously improving practical skills.

## PROJECTS

### **End-to-End Retail Sales Data Analysis | Python, SQL Server | [GITHUB LINK]**

- Cleaned, transformed, and analyzed structured retail datasets using Python
- Designed and executed SQL queries to extract business insights
- Identified sales trends and patterns to support data-driven decision-making

### **Expense Tracker with Data Visualization | Python, Pandas, Matplotlib**

#### **[GITHUB LINK]**

- Built a Python-based expense tracker with budget analysis and data visualization using Matplotlib, enabling insights into spending patterns.

### **Student Helpdesk Chatbot | Python, JSON | [GITHUB LINK]**

- Developed an intent-based chatbot to automate college-related queries
- Implemented pattern-matching algorithms for accurate response handling
- Structured scalable query-response system using JSON-based intents

## EDUCATION

### **Brainware University (2023-2027)**

Bachelor's in Technology - Computer Science Engineering(AIML)

- **5th Semester CGPA: 8.00**

Higher Secondary (Class XII):

### **Shree Gurunanak Vidyalaya (2021-2023) : 78%**

Secondary (Class X):

### **Carmel School Madhupur (2021) : 92.4%**

## SKILLS

- Programming Languages : Python, C, C++
- Python Libraries : Pandas, NumPy, Matplotlib, seaborn, Streamlit
- Databases: MySQL , SQLITE3
- Concepts : Data Structures & Algorithms (DSA) , Object Oriented Programming (OOPs)
- Soft Skills : English speaking, Problem-Solving, Time Management, Effective Communication
- Various AI Tools

## TECHNICAL WORKSHOP AND TRAINING

### **Artificial Intelligence Course [LINK]-**

Samsung Innovation Campus

September - November,  
2025

Completed a 3 month course , developing practical skills

- Hackathon
- Presentation

### **Fly Smart: AI Drone Innovation Camp – FARADIC [LINK]**

3rd and 4th Feb, 2026

- Learned fundamentals of AI-enabled drone technology, covering basics of drone systems, image processing, and AI applications
- Gained hands-on exposure to drone piloting and real-time flight handling under expert guidance.

### **Complete Python, Data Science, ML Bootcamp [LINK]**

2025 - May 2026

- Completed Data Science course that helps in understanding :
- Python and its Libraries, Statistics, ML Algorithms

### **AI Tools & ChatGPT Workshop by be10x[LINK]**

17<sup>th</sup> May 2026

- Completed an AI Tools & ChatGPT Workshop by be10x.
- gaining hands-on experience in AI-powered presentation creation, data analysis, coding, and debugging to improve productivity and problem-solving skills.

## CERTIFICATIONS & ACHIEVEMENTS

- |                                                         |                                   |
|---------------------------------------------------------|-----------------------------------|
| • <u>NEXATHON 1.0 (48 HOUR ) HACKATHON</u> -            | 9 <sup>TH</sup> Sep 2025          |
| • <u>YUVAMANTHAN ( Group Discussion Competition )</u> - | 10th October 2023.                |
| • <u>Annual Sports 2024 ( Football Tournament )</u> -   | 19 <sup>th</sup> -22nd March 2024 |
| • <u>Generative AI Tools Course</u> -                   | 4 <sup>th</sup> May 2026          |
| • <u>Infosys Spring Board -Learning Python Course</u> - | 4 <sup>th</sup> May 2025          |

## HOBBIES AND INTERESTS

- Art and Craft
- Reading Books and Comics
- Watching Movies, Anime
- Can understand Japanese
