SUMMARY

B.Tech CSE (AI & ML) student with strong foundations in Python, SQL, Database Management Systems, and problem-solving. Skilled in data analysis, troubleshooting, and communication.

PROJECTS

End-to-End Retail Sales Data Analysis | Python, SQL Server | [GITHUB LINK]

- Cleaned, transformed, and analyzed structured retail datasets using Python
- Designed and executed SQL queries to extract business insights
- Identified sales trends and patterns to support data-driven decision-making

Expense Tracker with Data Visualization | Python, Pandas, Matplotlib [GITHUB LINK]

- Built a Python-based expense tracker with budget analysis and data visualization using Matplotlib, enabling insights into spending patterns.

Student Helpdesk Chatbot | Python, JSON | [GITHUB LINK]

- Developed an intent-based chatbot to automate college-related queries
- Implemented pattern-matching algorithms for accurate response handling
- Structured scalable query-response system using JSON-based intents

EDUCATION

Bachelor's in Technology - Computer Science Engineering(AIML) Brainware University (2023-2027)

- **CGPA: 8.455+**
- (SGPA sem1 to sem6 - 8.69, 8.35, 8.14, 8.36, 8.00, 9.19)

Higher Secondary (Class XII):

Shree Gurunanak Vidyalaya (2021-2023) - CBSE : 78%

Secondary (Class X):

Carmel School, Madhupur (2021) - ICSE : 92.4%

SKILLS

- Programming Languages: Python, C, C++
- Python Libraries : Pandas, NumPy, Matplotlib, seaborn, Streamlit
- Database Technologies: MySQL, SQLite, SQL
- Concepts: DBMS, Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP)
- Tools & Platforms: Git, GitHub, Jupyter Notebook, Google Colab, Kaggle, VS Code
- Interests: Machine Learning, Data Analytics

SOFT SKILLS

- Excellent Written & Verbal Communication in English
- Problem Solving
- Analytical Thinking
- Team Collaboration
- Time Management

TECHNICAL WORKSHOP AND TRAINING

-  **Artificial Intelligence Course [LINK]**- September - November, 2025
Samsung Innovation Campus
Completed a 3 month course , developing practical skills
- Hackathon
 - Presentation
-  **Fly Smart: AI Drone Innovation Camp – FARADIC [LINK]** 3rd and 4th Feb, 2026
- Learned fundamentals of AI-enabled drone technology, covering basics of drone systems, image processing, and AI applications
 - Gained hands-on exposure to drone piloting and real-time flight handling under expert guidance.
-  **Complete Python, Data Science, ML Bootcamp [LINK]** 2025 - May 2026
- Completed Data Science course that helps in understanding :
 - Python and its Libraries, Statistics, ML Algorithms
-  **AI Tools & ChatGPT Workshop by be10x[LINK]** 17th May 2026
- Completed an AI Tools & ChatGPT Workshop by be10x.
 - gaining hands-on experience in AI-powered presentation creation, data analysis, coding, and debugging to improve productivity and problem-solving skills.

CERTIFICATIONS

-  NEXATHON 1.0 (48 HOUR) HACKATHON - 9TH Sep 2025
-  YUVAMANTHAN (Group Discussion Competition) - 10th October 2023.
-  Annual Sports 2024 (Football Tournament) - 19th -22nd March 2024
-  Generative AI Tools Course - 4th May 2026
-  Infosys Spring Board -Learning Python Course - 4th May 2025

HOBBIES AND INTERESTS

- Playing Cricket
- Reading Books and Comics
- Watching Movies, Anime
- Reading about history and global geopolitics
- Can understand Japanese
